New Home

Overview

New Home offers a nurturing sanctuary for 50 children from vulnerable and disadvantaged backgrounds, delivering comprehensive care that includes safe shelter, nutritious food, healthcare, and quality education. Alongside meeting their fundamental needs, the program fosters healing and growth through life skills training and consistent support, empowering each child to overcome past trauma and thrive as confident, self-reliant contributors to society.

Rising above Challenges

Harini (name changed) lost her father in 2015, leaving her mother - a housemaid, as the sole breadwinner, struggling to provide care and stability.

In 2019, realizing she could no longer manage alone, her mother made the difficult yet wise decision to place Harini in New Home. Since then, Harini has thrived—excelling academically, developing strong leadership skills and showcasing her talent in dance and singing.

Our Intervention

Medical Checkup

Health : Investing in a brighter,more resilient tomorrow

At New Home, we believe that ensuring the health and well-being of girl children is foundational to their holistic development. To that end, we provide regular health checkups and access to essential medicines for all children residing in our care.

Book Reading

Education: Building a future that shines with strength & hope

Education goes beyond academics—it is a path to empowerment, opportunity, and self-reliance. At New Home, children are nurtured through holistic learning that combines quality education, emotional support, and essential skill-building.

Unleashing Creativity :Poster Making

Tuition for slow learners

Physical Development : Nurturing every child

A child's well-being extends beyond education — It requires nurturing the body, mind and spirit to build resilience and confidence.

This initiative focuses on the physical development of underprivileged children, especially girls in foster care homes, providing them with essential nutrition, exercise, meditation and sports to ensure a strong foundation for their growth.

Nutritious meals

Child committee meeting

Moral & Social Development : Shaping Values

Moral and social development is essential in shaping confident, empathetic and responsible individuals. This initiative focuses on instilling values, social awareness, and personal growth among underprivileged girls, equipping them with the tools to build strong ethical foundations and meaningful relationships.

A Journey of Hope and Strength

Beena (name changed) journey is one of resilience and hope. After years of instability and abuse, her mother made the courageous decision to seek a safer future, admitting her to New Home in 2023. In this nurturing environment, Beena has flourished—excelling academically, developing strong leadership skills, and finding confidence in herself. Her transformation highlights the power of timely intervention, compassionate care, and the strength of a mother's love in shaping a child's future.

Impact

50 underprivileged children

Through consistent emotional support, rehabilitation, and access to quality education and life-skills training, our underprivileged children have been empowered to overcome past trauma, rebuild trust and grow into confident, self-reliant individuals.

Our children secured first place in the inter-house talent competition.

Achievements

Girls Glory

Overview

Reaching Hand's Girls Glory program addresses the critical need for healthy and hygienic government schools. By constructing and renovating toilets we ensure boys and girls in Government schools have access to gender segregated toilets; by providing adequate sanitation facilities and comprehensive WASH education, we empower underprivileged adolescent girls, promote menstrual health, and ensure educational continuity.

This initiative is aligned with the UN's Sustainable Development Goals (SDG 5 for Gender Equality and SDG 6 for Clean Water and Sanitation).

Breaking the Silence : Empowering Girls

“ Before the Menstrual Hygiene session, I didn’t know anything about periods —no one had ever talked to me about it. But after the session, I finally understood what menstruation is and how to manage it confidently. I even started carrying a small pouch to school with pads, tissues and other things I might need.

Just three days later, I got my first period. Because of what I learned, I wasn’t scared at all — I was ready. I’m really thankful to Reaching Hand for teaching me something so important.”

Our Intervention

Construction of gender segregated toilet rooms in government schools

Constructed **76** units of gender segregated toilets in **17** Government schools in Udupi, Mandya and Bangalore districts, benefitting 4990 boys and girls.

These toilet rooms are equipped with overhead water tank, hand wash unit and toiletry kits. The beneficiary schools were also assisted to hire janitors to maintain toilets clean and hygienic.

Menstrual Hygiene Management (MHM) Training

As part of our commitment to promoting health, dignity, and awareness among adolescent girls, our team conducted menstrual hygiene sensitization workshops in **16** government schools. Reached **1483** through MHM sessions.

WaSH (water,Sanitation & Hygiene) initiatives

i. Health & Hygiene Training

4990 children of 16 Government schools from Bangalore, Mandya and Udupi Districts were sensitized on Water, Sanitation and Hygiene.

ii. Formation of WaSH committees:

WaSH committees were formed in 16 Government schools to ensure sustainable behavior change mechanisms, Cultivate essential leadership and teamwork skills, Develop peer-to-peer education capabilities and to Institutionalize WASH knowledge transfer.

These committees represent a critical investment in both infrastructure sustainability, ensuring that WASH principles remain embedded in school culture for years to come.

A Teacher's view on Menstrual Confidence

"Since Reaching Hand's sessions, our girls have changed remarkably. Earlier, many missed school for months after their first period. Now, they return within a week—confident, informed and prepared.

With the support & sanitary kits provided, they feel empowered. We've seen better attendance and a real boost in confidence. It's made a big difference."

Impact

- **4990** Boys and Girls have access to gender segregated toilets.
- **1483** Adolescent girls are empowered with menstrual health knowledge,reducing shame & stigma in **16** schools.
- **76** Units of Gender segregated toilets in **17** schools.
- **16** WaSH Committees formed

Namma Shale

Overview

The Namma Shale Project transforms government schools by enhancing STEM Education, improving infrastructure and digitalizing classrooms, ensuring students receive the tools they need to thrive in a competitive world.

This initiative is aligned with the UN's Sustainable Development Goals i., SDG 3 & SDG 4, SDG 5 & SDG 6.

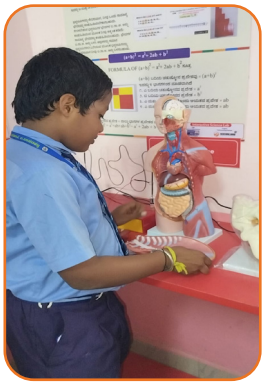

Big Dreams Sparked in a STEM Lab

"Before the STEM Lab came to our school, science felt like something far away—like stories in textbooks that we had to memorize. But now, it's something I can touch, build and understand."

Our Intervention

STEM Learning

STEM Labs established in 7 government schools, are now transforming the learning experience for thousands of students, fostering curiosity, creativity, boosting confidence to participate in science competitions, exbitions and promote scientific inquiry through STEM Learning.

Science Poster Making Competition

Education Digitisation

Schools have been equipped with 90 digital interactive panels empowering teachers & students to embrace digital learning which improves the overall quality of education.

Transformative Reach Through Innovation and Access

A dedicated computer Lab with Wi-Fi connectivity empowers students with digital literacy—equipping them for the future.

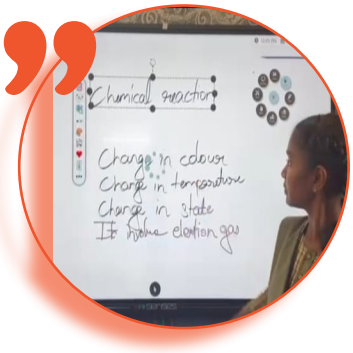

33 water purifiers have been set up, ensuring access to clean drinking water and promoting student well-being.

From textbooks to touchscreens

" I used to think school was just about chalkboards and textbooks. But when our classroom got a Digital Interactive Panel, everything changed.

Now, when my teacher explains photosynthesis, we don't just read about it —we see animations that show how sunlight turns into energy.

We explore the solar system with 3D models and solve math problems together on the screen like it's a puzzle game."

Impact

- **7** STEM Labs have been set up for students for furture- ready careers in technology,engineering and research.
- **90** Digital Interactive Panels have been installed for students who have access to E-Resources & online learning.
- **1** One computer Lab with wi-fi connectivity empowers students with digital literacy.
- **33** Water purifiers have been set up.

Pratishtha

Overview

Pratishtha skill training and placement Program operates across two dedicated centres in Bangalore,the program is designed to empower individuals with vital technical,entrepreneurial and workplace - ready skills.

From Digital Literacy to domain specific training,Pratishtha nurtures each learner's potential,preparing them not just for employment but for thriving indiverse professional ecosystems. Our integrated approach also focuses on placement oppportunities,ensuring skill translates into sustainable livelihoods.

From Struggles to Success: How Reaching Hand Empowered My Career Journey

"I struggled to find a suitable job after completing my B.Com due to lack of technical skills. Unable to afford private training, I joined the free-Core Employability Skills course offered by Reaching Hand.

Through this program, I gained proficiency in Tally, MS Office and Advanced Excel, along with communication & interview skills. With the support of the dedicated trainers, I built confdence and overcame my fears.

I'm now employed at Startek Co. as a Process Resolution Representative and proud to support my family. I'm deeply grateful to Reaching Hand for empowering me and opening the doors to a brighter future."

Our Intervention

Mobilization

We have successfully mobilized around 675 students through various outreach efforts, including visits to colleges, door-to-door campaigns, and community engagement activities. These initiatives were aimed at creating awareness about the training opportunities and encouraging youth participation.

At Pratishtha, each prospective student underwent a detailed screening process to ensure they met the required selection criteria. This process involved assessing their educational background, interest level, and commitment to the program. Only those candidates who were found suitable and genuinely motivated to pursue the training were granted admission.

Skill Training

The Skill Training and Placement Program aims to empower youth by equipping them with industry-relevant skills and creating sustainable employment opportunities. Through this initiative, young individuals—especially those from economically challenged backgrounds—are trained to enhance their technical expertise, communication abilities, and overall employability.

Post-training, dedicated efforts are made to connect trainees with suitable job opportunities through placement drives, industry tie-ups, and career counseling sessions. Our placement team works closely with corporate partners to identify openings and match candidates based on their skills and interests.

Empowering Libraries, enriching communities

29 Public Libraries from Malur Taluk, Kolar District are now digitally equipped.Through hands-on training in MS Word, Excel, and Digital Library Management, these changemakers are ready to make information more accessible and engaging for their communities.

From troubleshooting tech to transforming traditional spaces into modern learning hubs—this is a step forward in bridging the digital divide.

From Construction Site to Computer Desk: Sardar's Journey of Resilience

Sardar, the only child of a single father and a farmer from a village, faced financial hardship that forced him to drop out of college. In search of work, he moved to Bangalore and worked at a construction site. There, he discovered the Pratishtha course through a mobilization drive by Reaching Hand.

Determined to change his circumstances, he enrolled and gained essential skills in communication, typing and interview preparation. Today, he works as a computer operator at Gubbachi Learning Community, earning Rs 20,000 per month & proudly supporting his family. Sardar credits Reaching Hand for helping him rebuild his future.

TIMES NEWS NETWORK

Chethan Shivakumar

Bengaluru: NGOs, individuals and corporates have raised more than Rs 3 crore for social causes through the Tata Consultancy Services World 10K Bengaluru scheduled to be held here on Sunday.

Spearheaded by philanthropy partner aidbees, more than 70 NGOs, for causes ranging from child welfare to environmental protection, were involved in the drive which has grown by leaps and bounds over the years. According to the race organizers Procam International, the event is now the single largest fundraising platform in South India, having raised over Rs 53 crore for more than 400 NGOs over the years.

This year more than 30 companies have contributed Rs 1.65 crore and more than 150 individual fundraisers have collected approximately Rs 1.2 crore. The funds have also been utilised to build India's first tennis wheelchair centre. The drive will go on till May 10, the organizers said.

Young fundraiser Adya Kote, 16, from the Right to Live (Kote Foundation), who has raised Rs 30 lakh, said she was inspired by his father and grandfather. "I had heard endless stories about my father's and grandfather's selflessness. This impacted me and drove me to act. A significant amount of the funds I'm raising will be dedicated to building washrooms and other basic facilities in government schools across Karnataka. The TCS World 10K Bengaluru is an opportunity for people of my generation to challenge stereotypes about our attitude towards giving back to the community."

"TCS World 10K Bengaluru helps NGOs in building their visibility in society and effectively maximizing their donor base. This year, 70 plus NGOs have registered for the Run and have various projects on causes that the underserved. Individuals and companies are excited to run and support their chosen cause. aidbees is honoured to be associated with the event and we want to thank every donor who has contributed towards social welfare through us in this year's edition," Rashmie Kumar, Founder Director, aidbees said.

Highlighting the importance of the philanthropy pillar, Vivek B Singh, Jt MD, Procam International, said: "It's not just about the numbers or the money raised; it's about the lives touched, impacted and the futures changed. Our sincere gratitude to aidbees for steering this pillar to success and kudos to all our fundraisers for their monumental effort."

Partner with Us — Empowering Communities Together

At Reaching Hand, we believe meaningful change begins at the grassroots. Through thorough, need-based assessments, we work closely with communities to understand their most urgent challenges and design sustainable solutions that create lasting impact.

By partnering with us, you join a movement that goes beyond charity—one that fosters empowerment, dignity, and long-term resilience. Whether you're an individual, a corporate entity, or a philanthropic organization, your collaboration helps us amplify our reach and deepen the impact of life-changing programs.

Together, we can:

- Co-create innovative projects tailored to local needs
- Link community transformation to measurable outcomes and global goals
- Build scalable models for education, health, and livelihood
- Strengthen the bridge between compassion and sustainability

Let's collaborate to light up lives—one initiative, one story, one step at a time.

Engage - Be a part of our journey
